CIVIL LITIGATION

The Rice Firm LLC also represents clients in civil law cases dealing with disputes between private parties, or negligent acts that cause harm to others. For example, if individuals or companies disagree over the terms of an agreement, or who owns land or buildings, or whether a person was wrongfully dismissed from their employment, they may file a lawsuit asking the courts to decide who is right. As well, the failure to exercise the degree of caution that an ordinarily prudent person would take in any situation may result in a negligence claim. Depending on the circumstances, a person may be held responsible for any damages or injury that occurs as a result of their negligence.
